

June 16, 2014

Dear Parent/Guardian,

It's almost time for [Child's Name] to start seventh grade. In order for your child to learn in a healthy environment, North Dakota law requires that children be immunized prior to attending seventh grade. According to the North Dakota Immunization Information System, your child still needs one or more immunizations before attending school. The table below lists the vaccine(s) that your child requires before beginning seventh grade. Please contact your child's doctor's office or local public health unit to make an appointment for your child to be vaccinated.

<b>Vaccine(s) Required Prior to Seventh Grade Entry</b>

In addition to the required vaccines for school listed above, your child is recommended to receive the vaccines listed in the table below.

<b>Vaccine(s) Recommended</b>

When immunized, please be sure to get a copy of your child's immunization record to give to your child's school. For more information about school immunization requirements, please visit [www.ndhealth.gov/Immunize/Schools-ChildCare/](http://www.ndhealth.gov/Immunize/Schools-ChildCare/).

If you received this letter in error or would like to opt out of receiving immunization reminders from the North Dakota Department of Health (NDDoH), please complete an online form at [www.ndhealth.gov/Immunize/Reminder/Default.aspx](http://www.ndhealth.gov/Immunize/Reminder/Default.aspx).

If you have any questions, please contact the NDDoH Immunization Program at 701.328.3386 or 800.472.2180.

Sincerely,

Molly Howell, MPH  
Immunization Program Manager
